

AMETEK LAND Product Notification: LIPS, Land Camera Viewer/Viewer +, I/O Manager

30th September 2019

AMETEK Land, Land Instruments International Ltd, formally announces that from the **30th September 2019** the Land Image Processing System (LIPS), Camera Viewer/Viewer + and I/O Manager software products will be discontinued from new product sales.

The discontinued software products will no longer be maintained and there will be no further releases issued. They will be fully supported by our qualified field and factory service teams and our internal technical support engineers until they become obsolete on **30th September 2024**.

Please see the below reference table for a list parts affected by the notification:
