

AMETEK LAND Product Notification:

Aluminium Extrusion Thermometer (AET)

Aluminium Quench Thermometer (AQT)

Aluminium Strip Thermometer (AST)

Landmark Graphic Aluminium Strip Processor (LMG AR)

Landmark Graphic Aluminium Extrusion Processor (LMG AE)

11th July 2016

Dear Customer,

Land Instruments International Ltd. part of AMETEK Inc. formally announce that from the 1st January 2017 the Aluminium Extrusion Thermometer (AET), Aluminium Quench Thermometer (AQT) and Aluminium Strip Thermometer (AST) will be discontinued from new product sales. The supporting Landmark Graphic (LMG) Processors the LMG AR and LMG AE will also be discontinued from new product sales on the 1st Jan 2017.

A last time buy (LTB) opportunity is currently available for the AET, AQT and AST pyrometers and the LMG AR and LMG AE processors. Orders will be accepted to the 1st January 2017. Whilst the product has been stopped for new product sales the system is fully supported by our qualified field and factory service teams and our internal technical support engineers.

As an AET, AQT or AST user you will have experienced the instrument is extremely reliable provided it is fully maintained. A full range of spare parts are available from AMETEK Land and will continue to be supplied as standard items until 1st January 2022.

AMETEK Land recently announced the launch of the SPOT AL EQS (200 to 700°C / 392 to 1292°F), featuring advanced integrated digital processing capabilities, for temperature measurement in the Aluminium industry. AL EQS pyrometers incorporate temperature measurement algorithms specifically designed for Aluminium Extrusion, Quench and Strip applications. Utilising the latest digital on board processors has allowed the SPOT AL EQS to be designed as a standalone pyrometer without the need for a separate processor unit.

The SPOT AL EQS has twice the accuracy of the analogue AET, AQT and AST thermometers can be easily retro fitted to existing installations. For full specification details on the SPOT AL EQS and for further information see www.spotthermometer.com

Please see the below reference table for a list of thermometers and processors affected by the notification.

Part Number and Description	
092.703	AET Thermometer
092.704	AQT Thermometer
092.706	AST Thermometer
092.707	AST/4 Thermometer
991.562	AST Thermometer ZT68
991.723	AET ZT7084
092.679	LMG AE Processor
092.680	LMG AR Processor

Please contact our Sales Engineers for more details or queries regarding this product notification. AMETEK Land believes in supporting and partnering our customers through the life time of our products
